

Apprentices lead the way

Team
Building
Event

We are proud to welcome our first intake of construction apprentices from the local communities and districts of Leeds.

23 apprentices will be working across the whole project area to gain skills and experience in property refurbishment and also in the construction of new homes and landscaping. As part of National Apprentice Week, they were all invited to a Team Building Event at the John Charles Centre for Sport in Leeds in March. The day was a great success and included apprentices forming into teams and working together to build a giant 4 metre tetrahedron - a great team effort by all!

New Year - new start...

Following recent demolitions and site clearance in Beeston Hill, work is now starting

on the first phase of building 47 new two and three storey homes with accommodation of 2/3 bedrooms on Folly Lane, shortly followed by Coupland Place and Malvern Road. Councillor Gruen said

"2014 is an exciting year for council housing. The new homes that the Housing Regeneration Project will deliver will bring much needed council houses to Beeston Hill and Holbeck. It is part of a bigger project that will see us building almost 1000 new homes in the city in the next three years – the largest growth of council houses in Leeds for a number of decades."

Jon Hinchliff, General Manager sc4L said *"We're looking forward to delivering great new homes for people and working with the council to make sure that we give work opportunities to local people too."*

Get involved!

Every two months we hold a Project Liaison Group (PLG) Meeting with your local councillors and officers from Leeds City Council and the elected local residents.

At the meetings we discuss the project and how it is progressing, we also make recommendations to the Council and Keepmoat. As mentioned in our last newsletter, Anne and Irene joined the group in November, both ladies are actively involved in other community groups and bring their local knowledge to the meetings.

We would like to welcome a new member to the group, John, he attended his first meeting in January and has an interest in the new homes being built in Beeston Hill. John said *"I've now lived in Holbeck and Beeston Hill for 38yrs and things have changed somewhat. Something is beginning to be done about the poor housing. But it takes more than that to rebuild Community. It takes ALL of us to work together in Holbeck and Beeston Hill to make Community happen"*.

Santa's Truck

Before we put down our tools for the Christmas break we helped Santa deliver sweets to local children in Holbeck. For those lucky enough to get a bag, I'm sure you'll agree they were delicious!

We would like to say a big thank you to all our staff and subcontractors who donated their own money to purchase the sweets we gave out, they are:
