Our chat

Tell us what you think People Matters wants to think big. We need to talk about what next for us. We need to know what you want us to do.

You might decide that we need to work on having

- More groups or courses
- A chance to work with us
- Replace our old 'Just Coffee People' with something else
- Should we support more people 1 to 1?
- Should we offer personal care as well?

Do you have a different idea?
